

## Anna Mercury Volume 1: The Cutter

Warren Ellis introduces you to the sultry Anna Mercury in this collection of the first action-packed series! Dancing amid the spires of a city called New Ataraxia, there is a woman who can cloud mens minds, leap across buildings as if weightless, unerringly fire twin automatic pistols in the most insane conditions, and disappear in a crowded room. She fights against the political repression of an insane technocratic society, and she comes from a place that no one in New Ataraxia has ever heard of... and shes got one hour to save the city from itself! A high-octane blend of The Shadow, Tomb Raider, retro-punk science fiction, and 21st century Weird Pulp Action, Anna Mercury is a headlong adventure serial about a beautiful and mysterious spy-adventurer who is not what she seems. Anna Mercury Volume 1 features all five of the original issues with art by all-new talent Facundo Percio as well as a special super-sized cover gallery!
