

Rippled Shells Crocheted Clutch Pattern: Easy to make, fun to give away as gifts! (Fun Crochet Designs Crocheted Purse Collection Book 2)

You can crochet beautiful purses with patterns from Fun Crochet Designs! Small enough to tuck in a larger bag, yet large enough to use as a make-up bag or an evening clutch for those occasions when you want to travel light. One of my favorite all time patterns! I have made myself numerous bags in this stitch. And they are a great seller at craft shows and well received as gifts. The Rippled Shells Clutch pattern has a beautiful texture, and shell stitches are always a feminine favorite! The scalloped edges along the top give it that soft, lace-like finish. You can get two of these from one roll of nylon cord, so make one for you and a friend! Once crocheting is complete, finishing your purses requires some sewing to add a lining and a zipper closure. You can use a machine or hand sew. If sewing isn't in your skill set, recruit a friend or family member with seamstress skills to help. It only takes a half hour to create the lining and set the zipper. I have filmed a step-by-step instructional video to walk you through the process. In fact, this is the purse pattern I used as an example in the video. Finished size: 5.5"H X 9"W
General Information: This listing is for a pattern only, not a completed product. You will receive instructions about how to make the product yourself. All crochet patterns are written in US crochet terms.
