

Whats in a Name?: The Book of Bands

An entertaining collection of Rock and Roll trivia. Here are just seven good reasons to buy this book: 1) It is a trivia book and we know you love trivia. That is why Jeopardy, Trivial Pursuit, and You Dont Know Jack are so popular! 2) It is a book about musicians, mainly rock musicians, and we know you like them! 3) It is written humorously, but we never make fun of a band! 4) You can read this book repeatedly. You can also read it for a while, put it down, and then pick it up later without missing a beat (Sorry about that!). 5) It is addicting to read. Once you find out about one band, you begin thinking about another, look them up, then another, look them up, and so on, until you have finally read the entire work and want more! 6) This book has a regional feel to it. We do not discriminate, nor even distinguish between, the up-and-coming garage bands or established superstars! 7) It is fun to have around! Bring it out at parties for stump-your-friends games!
