

MyITCertificationlabs should be used in an instructor led classroom environment and are not intended for individual self-study. myITcertificationlabs: A++ brings together all the high-impact teaching tools and focused content you need to help your students excel on the latest CompTIA A+ certification exam: for A+. This complete, all-new online system starts with outstanding content, including a fully interactive eText version of the markets #1 prep guide Soper, Mueller, and Prowse, CompTIA A+ Authorized Certification Guide. Target that content more flexibly and precisely than ever before. Quick upfront pretests identify exactly where each student needs help, and generates complete personalized study plans, down to sub-topic detail. Your students study plans link straight to relevant eText content: no more struggling to locate the right pages in a huge printed book. You can even mark up the textbook to call their attention to key points! That's just one of many ways you can customize myITcertificationlabs: A+. Add your own content, questions, print materials, PowerPoints(R), video, instructions, welcome messages, or practically anything else. Do it before the semester starts...or do it on the fly, whenever you discover your students need more help. You'll discover that fast -- thanks to myITcertificationlabs built-in lightweight LMS. You'll get all the tools you need to track student performance in real-time, communicate with students, manage grades, and more. (Prefer to use another LMS? No problem: data export is easy.) Check your students mastery every step of the way, with 2 complete sample exams and 900 brand-new sample questions - all crafted from the ground up to fully reflect both content objectives and the exams timed formats. With this non-stop practice, we make it easy to teach successful exam performance and build student confidence while you're imparting

technical knowledge. Weve even identified dozens of exam concepts that are easiest to learn visually - and recorded quick, easy videos that walk your students through them, step by step! All these MyITCertificationLabs.com features work together to help you achieve one goal faster and more efficiently: to help your students pass this A+ exam,the first time!
