

# Conducting: The Art of Communication

Featuring a diverse range of flexible and practical instrumentation exercises, *Conducting: The Art of Communication, Second Edition*, provides the most comprehensive treatment available of all aspects of instrumental conducting: technical, analytical, and expressive. Authors Wayne Bailey and Brandt Payne, offer students unparalleled coverage of the art of conducting, advanced techniques, score study for rehearsal and performance, and error recognition and correction (helping students to develop their conductors ears). They provide brief and innovative exercises that focus on common technical and musical problems; score analysis and preparation; elements of expressive conducting, including facial expression and body movement; and aural skills that aid in error detection.
