

The boy who gave up his binky (Child Milestones Book 1)

This book is a story about a little boy and the path he took to give up his binky. Giving up something that gives a child comfort can be extremely stressful for them. Its a milestone in their lives that can affect them in many ways. I wanted to produce a book that would help a child get over such a hurdle. The book is aimed at parents who are trying to persuade their young child to give up their binky (also known as a dummy, soother, pacifier or doe-dee), without putting unnecessary stress upon them. Our young son did not want to give up his binky at all and so, this is a real story of how we handled the issue and how we succeeded. Please read the book to find out how we did it. I very much hope that you enjoy reading it as much as I enjoyed creating it. This is just the first version of the book. Over the coming weeks I intend to add more illustrations to the book, along with creating a better eBook experience. I also plan to create an audio version very soon. Lastly, this book is one of a series, so watch out for more from Jester - Books for Kids. Please click your orange add to cart now!
