

Liquid Light: Volume 1

The goal of this project was to recreate some of the more interesting aspects of Liquid Light and the entire dance club process at the time. The 1960s were a tumultuous time when people were told to turn on, tune in, drop out, it is when the foundation of the computer systems we know were put in place, it is the era of the Vietnam War, love and brotherness, hippy girls and boys, LSD, Speed, and other drugs. In other words, very little has changed from today, we have our own wars, we are looking and succeeding in getting marijuana legal, and approaching the ending of another unpopular series of wars where we have left our veterans behind.
