

Hillerman Country: A Journey Through the Southwest With Tony Hillerman

This book portrays the unique landscape of the American south west in both words and pictures. Hillerman affectionately describes the land of his stories and what draws him to the land - what planted the seeds of each novel. He speaks movingly about the people who inhabit the land, from the Indians - Navojos, Mepis, Zunis who have lived there for centuries, to the Anglos who chose to settle in such forbidding surroundings. He explains the customs and cultures of these peoples, and how they shaped their world. In each case his vivid and entrancing text is accompanied by photographs taken by his brother, Barney Hillerman.

Hillerman Country has 259 ratings and 13 reviews. Ron said: Any fan of Tony Hillerman should own (or at least read) this book. especially those that h - Buy Hillerman Country: A Journey Through the Southwest With Tony Hillerman book online at best prices in india on Amazon.in.
