

# In giro per l'Italia (Student Edition + Listening Comprehension Audio CD)

This new beginning Italian text is a brief version of the best-selling Prego!, perfectly designed for those programs that are interested in this successful four-skills and communicative introduction to Italian language and culture but whose curriculum necessitates a briefer text. In addition, the communicative activities and even more streamlined vocabulary and grammar presentation have been re-organized into a four-part chapter structure including a beautiful, new mid-lesson cultural spread.
