

LAVA / Tomorrow never dies

LAVA Architects (Laboratory for Visionary Architecture) was founded in 2007 by Chris Bosse, Alexander Rieck and Tobias Wallisser in Stuttgart (Germany) and Sydney (Australia). True to the motto Green is the new black, the internationally active office designs resource-saving, sustainable architecture and is involved in a lead capacity in innovative projects such as the Masdar eco-city (near Abu-Dhabi). This book accompanies an exhibition at the Wechselraum Gallery in Stuttgart, Germany. Richly illustrated with colour images and plans, it offers an insight into a variety of current projects by LAVA.
