

Lone Wolves (Warhammer 40,000)

On the ice world of Shadrac, Sergeant Marlin leads his unit of beleaguered guardsman away from the rampaging tyranid hordes. But to where? As the vicious aliens get ever closer, all he can do is pray for a miracle from the Emperor. Whilst his troops are preparing themselves for certain death, a group of hulking figures appear in the midst of a snowstorm - their miracle has arrived as a band of savage Space Wolves join the fray! But when the smoke of battle clears, Marlin realises his salvation may not be as close as he thought. Comic legend, Dan Abnett, teams up with awesome new artist, Karl Richardson, to set the standard that all comic strips should strive for.
