

# Momma, Dont Hit Me!: A True Story of Child Abuse (Shannons NH Diaries Book 1)

What would you do if you heard someone abusing a helpless child in the bedroom next to yours? How would you feel if no one -- not even the police -- could protect him from his sick, twisted mother and his hard-drinking father? What would you do if it took over a year for that child to find safety? Read one womans real-life diary about the terrible, continuing child abuse she heard clearly, night after night. Three-year-old Kevin was the victim, betrayed by the parents who should have protected him. This isnt a nice story. Its not a novel. Its raw and told in actual diary entries. Day by day and month by month, the author describes what she heard, what she saw, and how she tried to get help for little Kevin. This is a true story of child abuse, and it describes real events in the state of New Hampshire during 2011 and 2012. Its a harsh plea for child abuse awareness.
