

Standard Catalog of Firearms 2001: The Collectors Price & Reference Guide

This is the largest, most comprehensive and best-selling firearm book of all time! And this year's edition is a blockbuster for both shooters and firearm collectors. More than 12,000 firearms are listed and priced in up to six grades of condition. That's almost 80,000 prices! Firearms from the 1800s through today's sophisticated modern weapons are listed with a detailed grading system to help readers determine the retail prices of individual firearms. They'll be able to identify the brand, relative rarity and value of nearly any firearm. This edition also examines gun collecting issues, and firearms legislation, and provides a manufacturers and model index, and a company and auction house address book for further research. Plus, we include an expanded section on the popular Mauser military bolt-action rifle - 264 models and variations from 56 countries! Gun enthusiasts will love the new full-color section of photos highlighting the finest firearms sold at auction this past year including the new record for an American historical firearm: \$684,000! - Over 12,000 firearms and 80,000 prices more than any other book - 6,000 black and white photos for simple identification - Full-color gallery of some of the finest guns ever made
