

The Forth Bridge: A Picture History

The Forth Bridge was the greatest engineering feat the Victorian world had ever seen. The first large structure made of steel, it remains to this day one of the great achievements of mankind. This new edition of *The Forth Bridge: A Picture History* tells the dramatic story of its construction using rare archive photographs.

The Forth Bridge has 3 ratings and 1 review. Leslie said: A delightful history of the building of the Forth Rail Bridge, which crosses the Forth estuary, facts and figures vital statistics for a marvel of Victorian engineering history of the Forth bridge a regular ferry operated between north and south Queensferry as Buy *The Forth Bridge: A Picture History* by Sheila MacKay (2011) Paperback by (ISBN:) from Amazon's Book Store.
