

I Don't Know Why She Bothers: Guilt Free Motherhood For Thoroughly Modern Women

A timely, intelligent and important book for fans of LEAN IN and Caitlin Moran: why do modern mothers allow themselves to suffer from so much guilt? Mothering skills are now scrutinised, measured, judged, discussed and disapproved of like never before. The bar is set so preposterously high, its impossible, at least in the early years, not to feel like a long lost loser: and honestly, mothers only have themselves to blame... Motherly love is ferocious, intense, fathomless, unconditional and absolute. Daisy will add a dusting of reality to the sickly sweet bake-your-own rubbish by covering topics such as breast pumps, other children, sleepovers, swearing (yours and theirs) and contagious diseases. Its time to burn the maternity bras and Daisy is the first at the stake to exclaim, Enough! Life is short. Mothers adore their children. But theyre people too. And that is more than just a mother.
