

The Way Home: Reflections on American Beauty

Jeffrey Bilhuber offers a look into intimate rooms fitting for today. Jeffrey Bilhuber, the decorator of choice for the creative elite-including fashion editors, designers, and musicians-presents his most recent projects, all of which exemplify the hallmarks of his inimitable style: flashpoints of inspiration from the past that embrace tradition while being rooted in the way we live today. Perhaps like no other contemporary decorator, Bilhuber has been a barometer of change, and this book marks a new, more relaxed evolution of his style. In this beautifully photographed book, Bilhuber shows that high style can (and should) encompass effortless comfort-interiors where families big or small can take pleasure in easy spaces that are brilliant amalgams of new and old. Every house tells a charming story of the family that inhabits it, and each room expertly showcases Bilhuber's signature touches-a novel use of color (from vibrant palettes to more muted ones) and consummate attention to detail, with every element of a room attended to. Featuring projects from around the country-from urban townhouses and lofts to oceanfront cottages and country estates-Bilhuber's work appeals to a wide range of tastes as he encourages every reader to embrace their unique vision to create cozy spaces as deeply personal as they are practical.
