

Troublemakers (1997) #1

For seventy years, Galloway & Galloway has dominated the pharmaceutical field. From band aids to cough syrup, G&G made life easier for all of us. Then they decided to make life itself. In the early 80s, G&G created the next step in evolution -- a race of genetically engineered superhumans, each bred with specifically endowed enhanced abilities. But the company -- and the G&G employees who volunteered to be the test subjects parents -- never took into account one very important thing -- puberty! XL! BLUR! CALAMITY! REBOUND! They live the life most kids would love to have...and theyd be more than happy to trade with you!

Its time for a little Hero Worship as Ninjak guest-stars!
