

X-Factor Vol. 2: Life and Death Matters (X-Men) (v. 2)

Jamie Madrox comes face-to-face with the thing that terrifies him the most: having to make a decision. The divisiveness of Civil War has spread to his own team: Half of them want to cooperate with the government; the other half wants to take a stand against it. It's Jamie's choice that may well decide whether X-Factor stays together or cracks apart. And matters aren't being helped by Quicksilver, who offers Rictor the opportunity to get his powers back - but at what price? Plus: They've been a thorn in X-Factor's side since the beginning, and now things are coming to a head. X-Factor's newest assignment causes them to again cross paths with their arch-rivals, Singularity Investigations. The result is revelations that strike to the very core of who and what Jamie Madrox is. Collects X-Factor #7-12.
